

Surface Mount Stair Nosing Select Series 1 - Brass

CARBORUNDUM COLOUR VARIATIONS

Tactile Systems Australia Select Series 1 Surface Mounted Brass stair nosing features clear brass matched with a high-grade carborundum insert.

Designed to comply with AS-1428.1 2009, it features high grade brass construction with a carborundum insert. A P5 slip rating from a NATA approved laboratory, tested to AS 4586

Available in Black infill but can come in custom colours to provide designer options, as well as providing a solution for various colour and types of substrates – enabling compliance with the 30% colour contrast required under the standard.

This type of Select Series stair nosing is surface mounted, suitable for indoor or outdoor applications. It can be used for new construction, as well as retrofit requirements.
