Skate Deterrents

Tactile Systems Australia's Skate Deterrents are the ideal way to protect property from the damage caused by skaters and skateboarders.

Our anti skate nosing deterrents are manufactured from marine grade stainless steel, allowing protection to your property, without adversely affecting the appearance of the protected area.

They are suitable for use on a wide range of surfaces, such as planters, retaining walls, hand-rails, benches etc.

They feature two fixings for secure installation via preformed holes for secure installation.

Tactile Systems skate deterrents have been used in hundreds of applications all over Australia, as in New Zealand and the USA.

Installation method is via two fixings, for added security use of TSA 2 part epoxy is suggested. TSA-PE-500SD - TSA Pure Epoxy Chemical Anchor 400ML
