

## Drill Bits

### TSA Quad Cut Hammer Drill Bit - 10mm/8mm/6mm

The **Tactile Systems** Quad Cut Hammer Drill Bits come in 3 sizes, 6mm, 8mm & 10mm. For use on a wide range of applications including Concrete, Exposed Aggregate, Asphalt and Stone Pavers.

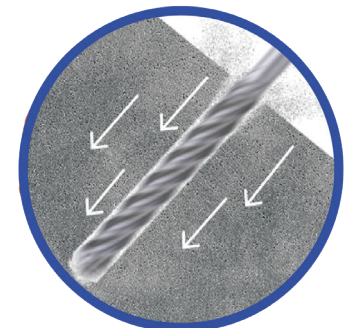

- Up to 25% faster
- Genuine solid head carbide
- Unique design enhances dust removal
- Longlife from proprietary geometry & patented welding process
- Excellent one-step drilling performance

Patented welding process binds the Carbide Tip & Flute at 1400°C providing superior high temperature performance, particularly when rebar is encountered.

#### Specifications

| Size | Code           |
|------|----------------|
| 6mm  | TSA-QCH-6/170  |
| 8mm  | TSA-QCH-8/170  |
| 10mm | TSA-QCH-10/270 |

Optimal 4 Cutter carbide & flute combinations greatly minimise dust explosion, specifically in deep holes
