Tactile Systems Australia Warning Composite Discrete TGSi Brass with carborundum infill are made from non corrosion solid brass and high grade carborundum insert.

Their robust construction, longevity and elegant aesthetics made them ideal for busy high traffic environments, whilst adding a sense of class to any design.

Tactile Systems Australia products have been independently tested for slip resistance. Please contact us for a copy of the report. This product features a P5 slip resistance rating – as tested by a NATA Approved Laboratory.

SPECIFICATION	Flat Base
Black	WDBC-FB-TSA-BLK
SPECIFICATION	13mm Stem
Black	WDBC-13S-TSA-BLK
SPECIFICATION	25mm Stem
Black	WDBC-25S-TSA-BLK
