

Car Park Fixtures Corner Guards - Stainless / Galvanised

Damaged corners can be a real eyesore in high traffic buildings, and a major source of maintenance costs. Stainless steel or Galvanised corner guards provide superior impact protection in high abuse areas and minimise the need for regular repairs. They guard against dents, scratches and scrapes whilst also adding a decorative element, and are available in two simple installation options: Adhesive or screw-on.

Key Features

- 1200mm x 100mm x 100mm x 1.6mm
- Custom sizes also available
- Offers protection for heavy duty impact
- Brushed finish as standard – helps avoid messy looking finger marks and offers long lasting aesthetics.

Benefits

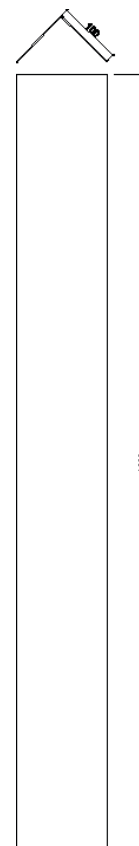

- Superior protection for high impact areas
- Stainless steel or galvanised for a contemporary look
- Easy installation – mechanical or construction adhesive – [MS-2000](#)
